

BlueParrott VR12

The convertible choice for voice-directed picking.

Engineered for superior communication in high-noise environments.

- Advanced noise cancelling improves productivity and reduces misunderstandings.
- High-quality audio receivers for accurate, easy-to-understand sound.
- Rated for performance in extreme cold-storage as well as ambient environments.
- Flexible microphone boom stays where you put it for optimal sound quality.
- Lightweight, comfortable and convertible design lets users focus on their work, not their headsets.
- High-quality materials and construction means they're built to last.
